Project Quick Facts

2 Month Duration

135,187 Workhours

- Turner's scope of work included the demolition and replacement of all boiler water walls and floor tubes on a 30' X 30' X 110' boiler.
- Turner had 30 mechanical working days and nights to perform the rebuild, followed by a 4 day acid wash and a general startup totaling 40 down days from liquor out to liquor for this outage.
