Houston, Texas

\$2,322,470 Contract Value

2013

National Excellence In Construction

Eagle Award

Industrial - Less than \$5 Million

Project Quick Facts

8 Month Duration

15,699 Workhours

- Demolition of existing and installation of new pipe, including insulation of field fabricated pipe.
- All civil work was completed in the field: tear-out, foundation prep, grouting and fireproofing.
- Designed, fabricated and test-fitted all structural ladders, platforms and attachments. Once delivered to the site, Turner installed these items on the vessel prior to it being lifted into place.
- Designed, fabricated, assembled, and insulated the ASME Code column. Demolition of the existing equipment and installation of the new equipment.
