

ONE SOLUTION FOR YOUR SUCCESS

2021

60
YEARS
1961 - 2021

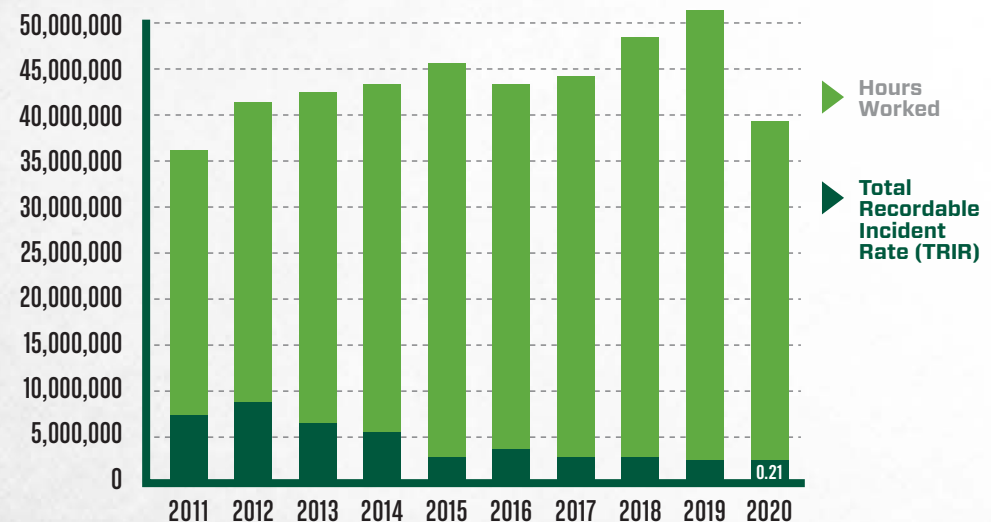

For 60 years, Turner Industries has moved the world forward by providing turnkey services and solutions to the companies that produce the fuel, energy, and materials essential to modern life. We focus on reducing downtime, minimizing costs, increasing reliability and achieving operational excellence. Using our DECIDE WITH DATA® Software and Services developed in-house, we achieve documented cost savings solutions for our clients.

Our goal is to be the very best at everything we do and we are uncompromisingly committed to integrity and solid working relationships.

Turner Industries
One Solution for Your Success

SAFETY PERFORMANCE

Turner Industries employees worked over 39 million hours at a 0.21 Total Recordable Incident Rate (TRIR) last year. Those are direct exposure hours in potentially hazardous surroundings.

NATIONAL SAFETY AWARD WINNER

▶ WORKFORCE DEVELOPMENT

36,672 W-2s ISSUED FOR 2020

Turner Industries' success relies on our ability to supply quality craft labor to our clients. By providing mentors, instructors and resources to numerous training programs, as well as partnering with our clients to identify their specific labor needs, we are able to provide job ready, industry certified employees. Our efforts in this area have resulted in our being awarded the national CURT Workforce Development award four times.

CURT is recognized as the premier owners' organization and is a driving force behind continuous and significant improvement throughout the construction industry.

- ▶ 2015
- ▶ 2020

▶ COMMUNITY INVESTMENTS

Turner Industries supports the communities where we live and work.

Our annual company-wide United Way campaign provides millions of dollars in pledges and in-kind donations to hundreds of United Way agencies across the nation.

Members of TEAM Turner™, our employee-directed volunteer organization, have donated time and resources to hundreds of educational and community projects.

▶ INNOVATION + TECHNOLOGY

A main focus at Turner today is digitizing the wealth of data generated by our employees and at our clients' jobsites to make data-driven decisions that reduce costs, save time and improve safety metrics. Our ever evolving **DECIDE WITH DATA®** software and services portfolio offers a digital "toolbox" that can solve critical client productivity, reliability and safety issues. Below is a sample list of our current portfolio:

- MobilOps®
- Tablet Applications
- Proprietary Productivity Software
- Rope Access Services
- Robotics/Drones
